GWTS2022@iwfcis.org.sg

IWFCI & GWTS

IWFCI is the world's first International Women's Chamber of Commerce and Australia's first dedicated Chamber of Commerce for women.

It was formed by Diana Abruzzi in 1992 in Melbourne, Australia, to meet the emerging needs of women in business in recognition of their increasing contribution to the world of commerce, the community and government.

IWFCI is a non-profit, non-government, member based organization; established with the purpose of supporting women entering business and developing trade across the globe.

Today, IWFCI remains first and foremost an empowering opportunity for women to meet and engage with like-minded entrepreneurs to grow their businesses in a supportive network.

The IWFCI Annual Global Women's Trade Summit (GWTS) is for members of IWFCI Singapore to showcase their trading and investment attractions to the international members and delegates.

This annual event brings businesswomen from across the globe together for new connections and to explore any potential markets for their businesses through networking.

The aim of GWTS is to understand the challenges faced, at this present moment, by women in business and professional women.

Some of the key benefits of attending GWTS include:-

- Learning the different styles of the diverse business cultures from our international delegates and speakers
- Networking opportunities with women from more than 10 countries
- Opportunities to exhibit your products and services to national and international delegates
