Start your chosen activity: 1-31 August

Walk in solidarity with other participants: Sunday, 28 August

Your Impact

Women have been disproportionately affected by the global pandemic, losing at least \$800 billion in income in 2020 (more than the combined GDP of 98 countries). By providing women access to jobs, career advancement and financial wellness, we not only help them, we also help their entire family and community while contributing to the global economy and social change. Image Mission wants to meet the evolving needs of disadvantaged women in Singapore by equipping them with resources, skills and the network they require to help them not only survive, but thrive.

"My dream is to buy a home for my family which is why I want to do better by securing a full-time job. Through Image Mission's programmes and services, I'm certain this dream of mine will come true soon." - Nurul
